Wagon Master Report:

Greg and I are still working with Jennifer at Shenandoah Valley Campground (Luray KOA). Should hear something this coming week. It appears there will not be problem with our sites. I will be sending out an email once info is received. I will also send out an updated copy of the Campground Reservation Listing Letter for 2022.

We still need hosts. So far we have hosts for Shenandoah Valley Campground and Hagerstown. A host for our first campground, Cozy Acres, would be appreciated - soon please.
